SIGNS OF THE TIMES

2005-2006

GROVE CITY HIGH SCHOOL

Every era has its own unique signs...signs that allow you to distinguish that era from the rest of history.

The 80's rocked the spandex and fanny pack. The 90's had pop music and the Titanic. This year, however, is a different story. As you look through the coming pages, you'll be reminded of the signs that represented the 2005-2006 school year.

Signs of PEOPLE

"Most people are about as happy as they
make their minds to be."

~Abraham Lincoln

"There are a billion people in China. It's not easy to be an individual in a crowd of more than a billion people. Think of it. More than a BILLION people. That means even if you're a one - in - a million type of guy, there are still a thousand guys exactly like you."
~A. Whitney Brown

SIGNS OF GRADUATION

AS THE YEAR COMES TO AN END, IT IS TIME WE LOOK BACK AT ALL THAT HAS HAPPENED WHILE WE WERE HERE AT THE HIGH SCHOOL. ALL OF OUR SPORTS TEAMS HAVE BEEN VERY SUCCESSFUL ALL FOUR YEARS, WINNING SEVERAL REGION AND DISTRICT TITLES, AND THE FOOTBALL TEAM WAS EVEN THE STATE RUNNER UP. ALL OF THE PLAYS AND MUSICALS WERE SPECTACULAR; EVERYBODY'S LAST SHOW WAS BEAUTY AND THE BEAST. NOW FITTING FOR US SENIORS TO GO BACK TO OUR CHILDHOOD YEARS WITH THAT STORY. OH, HOW COULD WE POSSIBLY FORGET THE NUMEROUS BOMB THREATS OVER THE YEARS AND THE NEW CAMERAS THAT WERE JUST INSTALLED THIS YEAR. AS EACH ONE OF US MOVES ON TO A NEW STAGE OF OUR LIVES, LET'S REMEMBER ALL OF THE UNFORGETTABLE MEMORIES WE HAVE MADE WITH ONE ANOTHER.

2005 GIRLS X-C SEASON OVERVIEW

The 2005 Cross Country season was different in many ways from any other season. For the first time in many years, the girls team was much larger than the boys team, welcoming their six talented freshmen. The team was lead by freshmen-Megan Degraaf, Chelsea Hensel, Nicole Wizorek, Meghan Boarts, and sophomore Hannah Labate. The team also suffered many losses, including Lisa Schnelzer and Nicolette Hickly, an injury to top runner, Jessica Parson, and the spread of strep throat to many of the runners. The girls placed 13th in the district race, which was a huge difference from past years. The team is looking forward to next season's addition of freshmen and the continued success of the girls X-C team.

Season Overview

Led by starters Dustin VanHook, Ryan King, Jordan Fee, Dan Keil, and Ben Liebling, the Eagles stifled opponents with swarming defense. Holding opponents to just 40 points per game, Grove City tallied a 23-4 overall record. Seniors Joe Hazy, Andy Geibel, Justin McNamara, Jesse Alfreno, and Nate Thomas proved invaluable as they contributed key minutes throughout the season. The 2005-2006 season saw the Eagles go on a 22 game win streak including two exciting wins over eventual state champion Franklin. The season also saw Ryan King set a new school scoring record as he eclipsed the mark set by Mike Johnson in 2004. The boys track team accomplished many unexpected goals this season. This year marked a major turning point for Grove City High School track. Without having a winning season for over four years, the team rebounded and became one of the elite forces in District Ten with a record of 7-4. Despite having only three seniors, the team cooperated and worked hard, which led to success in the meets. The team found its strengths through throwers Tim Gruber and Greg Reiber. The sprinting team dominated with Justin Spencer, Dwanyne Martin, Ryan McGeehan, and Brian Danielson. The distance team was led by Zach Hoagland, Adam Stillwaggon, Jordan Nichols, Ryan Vatter, and Jim Hsieh. Hurdlers Nate Peck, Nick Arnhold, and Ryan Thomas gave the team many points as well. This year was a great encouragement for next year as the track team will only get better.

Sophomore Jim Hsieh gives the team a strong start in the 3200 meter relay.

Junior Mason Lee shows off his javelin for the camera. He worked hard and greatly improved throughout the season.

Sophomore Justin Spencer and Freshman Dwanyne Martin became a crucial part of the team as they added the points in sprinting.

"The 'states' experience was unbelievable. It was definitely one of the highlights of my high school experience." Tim Gruber finished 2nd in the state in the javelin.

Softball 2006 Season Overview

Despite a rain-shortened season, the Lady Eagles Softball team kept the annual tradition of going to the playoffs. The girls were involved in eight one-run contests, making it a very exciting season. With a mix of experienced seniors and some dynamic underclassmen, the team stormed to the post-season by winning nine of their last twelve games. In the post-season, the team dropped a heart-breaking 1-0 game to Warren in extra innings, thus ending its bid for a District Ten crown.

Baseball 2006 Season Overview

"I thought that the 2006 season went very well. All of our seniors set very good examples by being leaders throughout the year. We managed to pick up 16 wins and suffered 5 losses. Also, a positive out of this year was that we played a few teams from out of the league (Pine Richland, McDowell) letting us know there is always room for improvement."

"I believe our seniors set great examples for the rising players. I hope next season goes as well as this one did."

Like someone once said, "Life is a highway, I wanna ride it all night long." This season has been just that, a highway that was well traveled by 15 danceline sisters. We will remember these times, and these friends forever, like the great empires of South America did. We will always be with each other and we will always have a connection, like the way we now connect our traditional prayers to Sarah and the phrase "Belligerent Rules!" to Kendall. This season brought us endless funny phrases and priceless memories that will be treasured forever.

Bailie played the role of Myrtle Mae Simmons, the shy, young daughter of Veta Louise, played by Bethany Haizlett.

ZACHARY FOSTER
Zach played the role of William R. Chumley, the world renowned and long time doctor at the sanitarium.

Grove City High School staged the play Harvey this year as the fall production. It was a smashing success. The students did an amazing job in carrying out their roles and keeping the audience captivated every moment. With Bethany Haizlett and Zack Bombatch leading the way in the humor department, and Zach Foster, Aaron Switzer, Ethan Steigerwald, Kristen Lucas, and Bailie Simpson playing the cool, calm, and collected roles, this allowed the chemistry on stage to become magical. Best of luck for next year's underclassmen, and break a leg!

BAILIE SIMPSON

I really like performing. When the little old ladies tell me how much they enjoyed our shows, I get all warm and fuzzy inside.

KATHLEEN CARTER

My favorite thing about show choir is the music and the friendships that the group inspires. Having the opportunity to perform fun and jazzy music is great, but it's the people you're standing, dancing, and singing with that really bring the show to life. If it wasn't for show choir, I never would have met most of the people who are now my closest friends.

VICKY CULP

My first year in show choir was great! I can't wait until next year!

You have matured and developed so much in your high school years; it has been wonderful to witness your growth. You are known as a friend to many who is loyal, compassionate, and willing to help in time of need. You have an ability to see good in others where many can't. You have become a young man who stands on his own and doesn't need to follow the crowd. Continue to be a man with strength of character that matches your physical strength. You are indeed special!

Love,
Dad

Sometimes when I find these pictures of you when you were little--- It makes me almost want to cry. For the years have passed too quickly. You were always so full of life and laughter, and even today when I hear you laugh, I still hear the little boy of not so long ago... You have so much going for you and you can accomplish anything that you wish ---the world would be a better place if more people were like you...

God Bless You Always
I Love You!!!
Mom

Kait Moretti

Kait,

We are so proud of you! When you became the third sister on a warm January day, we knew that you would be special. You have kept us all busy with your activities. You have made us proud of all that you have accomplished. We know that you have a great future ahead because you have the determination to make it so. Let God lead your life and only good and love will follow.

Love Always,
Mom, Lindsey, Nikki and Marissa

"For I know the plans I have for you," declares the Lord, "Plans to prosper you and not to harm you, plans to give you hope and a future."

We're so proud of the beautiful, talented, intelligent young woman you've become. You're sure to be a success at whatever you do because your motivation and independence are amazing. You're a wonderful sister, daughter, and granddaughter. We're very proud of you.

Megan Reuber

Our Dear Megan,

We are so proud of all your many accomplishments and your desire to strive to do your best with a positive attitude, whatever the task. But most of all, we are so blessed by your steadfast commitment and desire to serve the Lord. You have challenged us to put God first in our lives as we have watched you faithfully get up early every Tuesday morning to be at school by 7:00am to pray. From a young age, you have had a heart to spread the Good News. May the Lord continue to use you to reach out and touch lives as you seek to do His will as you listen to His voice.

Love,
Dad, Mom, Marnie & Melissa

Dan Sonntag

Dear Danny,

As a baby I held you in my arms. Now I will hold you in my heart as you begin a new chapter in your life. Hold tightly to your hopes and dreams- Never let them fade.

Sometimes when I look into your eyes, I see Daddy staring back at me. I also see the unique and special man you are becoming.

I want you to know how very proud I am of all you have accomplished, of all you have become. Always remember I love you-up to heaven and back again.

Love,
Mom and Dad

Danny,

You have a new world opening to you in college. Take all the opportunities available to you. Live everyday from sunrise to sunset. Keep your friends- they'll always love you. Most importantly, love with all your heart and enjoy the people you are lucky enough to know. I believe in you and your dreams. I'll always love you and be here for you.

Love from your fav big sis,
Katie

This is extra space we had set aside for business ads. Unfortunately, no one ever purchased this space. Instead of throwing in random photos or cheap clip art, we thought it best to include this highly insightful material that relates to our theme. Yes, economic difficulties for the small business are signs of the times. Perhaps that is why this quarter page is left empty. Eventually everything will be bought on the Internet and you will never have to leave your house to get what you want, adding to another major sign of the times, obesity. Of course, you could order a Bow Flex on the Internet and all your problems would be solved. Then you could text message your friend when it arrived at your house and you could plan to chat online about how cool it will be to work out in your own home while listening to your newest tunes on your I-pod or watching the Pittsburgh Steelers attempt to win an unprecedented sixth Super Bowl. In the end, this small rambling of text will probably never be read by many students because it is so stinkin' small and who wants to read text in a yearbook anyway? Like they say, a picture is worth a thousand words. If you are still reading this, you do not have ADD. Isn't it nice to know that this space in the yearbook sells for approximately sixty dollars! Talk about a great investment. At least we got you to spend some time in the Business Ad section. By the way, don't forget to look through all the great candids in this section. We've hidden some pretty amazing photos back here. You might also find Waldo from Where's Waldo. Isn't this print too small? They say that you should never go below eight point font size in a yearbook so your text is readable. This is 6.5. If you can read this, then you don't need glasses. Did you know that the leading cause of poor eyesight is reading print that is too small? Of course staring at the sun for long periods of time doesn't help either. "This is the text that never ends. It just goes on and on my friends. Some person starting writing it not knowing what it was. And we'll just go on reading it together just because..." Do you realize all the things you could be doing right now? Do you realize how much time you've wasted reading this? Actually, this is a secret encrypted message that directly reveals the meaning of life. If you take every third word in this section and put it all together in one, long sentence, you will understand the meaning of life. However, the odds that anyone is still reading this are slim to none. Then again, your friend who is in yearbook may have told you about this great section of text. Either that or you really want to get the most out of this book, so you read everything, including the page numbers. Be sure to wave to the cameras as you exit the building today. Be sure to brush your teeth every day. Be sure to put the seat down on the toilet after using it, guys. Be sure to look both ways before you cross the street. Be sure to tell your parents that you love them. Be sure to take the time to notice the signs of the times around you. Stop, Yield, Do Not Enter, One Way, etc. Look at things more than once. Look at things from a new perspective. Try reading this upside down.

Valerie Williams, 05

Ground breaking endurance research by Slippery Rock University's Valerie Williams has helped distance runners and health care providers learn more about stamina and conditioning. Williams documented the flexibility loss runners experience after a 100-mile race. Her work earned her the Undergraduate Student Research Award from the American College of Sports Medicine. The exercise science major's solid foundation was formed in SRU's College of Health, Environment and Science.

Tim Evans, 05

Tim Evans, a May graduate, is one of four students in the country accepted into the prestigious biophysics Ph.D. program at the University of North Carolina College of Medicine. Only the top students get in because they are funded by the National Institute of Health. Evans plans to become a graduate school professor and researcher. His solid foundation was formed in SRU's College of Health, Environment and Science, as a biochemistry major who graduated Magna Cum Laude.
