PUBLICATION OF
GROVE CITY
HIGH SCHOOL
GROVE CITY, PA.

FOREWORD

Come under the big top in Grove City High School! See the greatest show on earth with six big rings and a super-colossal assemblage of artists! This magnificent show is produced by the Senior Class with a real desire to bring you pleasure and to record the stupendous achievements of their four years in the ring. Step this way, ladies and gentlemen! Don't shove!

DEDICATION

Because he was our friend, because he lived fairly and squarely, because his place among us can never be filled, we, the members of the Senior Class of 1936, affectionately dedicate this our book to Frank Wolford, who died playing the game that he loved.

SCHOOL SONG

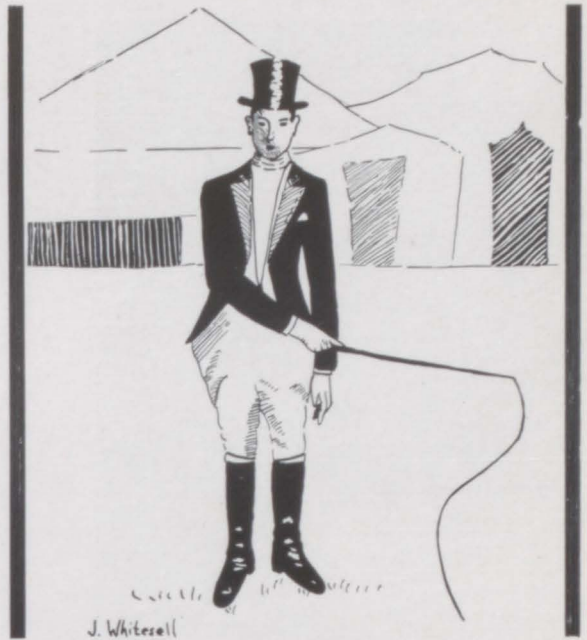

Grove City, Gold and White,
Give a rousing cheer!

Raise our colors to the sky,
Victory is near.

We will win again today;
To the goal we'll fight.

Take the ball on down the field,
For the Gold and White.

END OF THE DEPRESSION

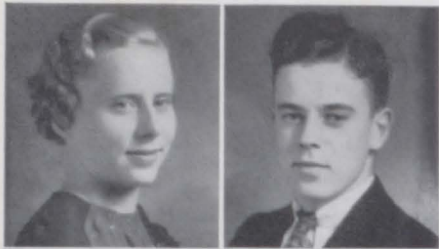

By PEGGY HOYT

All of you've heard of the "one-hoss" shay
That was built in such a magical way
It lasted a hundred years to a day,
And then of a sudden it—ah! but stay
 For this is the "tail of a different horse."
Though all of you've heard of this thing, of course—
The G. C. High School Faculty,
That causes distress to you and to me,
And well enough in their own sweet way,
But added together, they make a day
To bring tears to the eyes of a hardened crook,
And terror to those who have not "cracked a book."
And the muddle of learning they shout through the years,
Falls like a shot on unheeding ears!

With Crowther, it's English — Music with Lehn,
And Franch with McMullen — and Latin's a pain,
And if your mathematics isn't just so
McBride, like as not, with some chalk will let go,
Rose Walters — though really a mighty swell dame,
Makes work on the Year Book a hard path to fame.
I can't understand why they make so much fuss.
The Board rides the teachers — the teachers ride us,
And while in this mental turmoil we expire,
The taxes increase and rise higher and higher.
Economists tell us we're getting in deep,
Why not half day of school, and a half day of sleep?

ROOM 9 — MISS JAMISON

Room 9 proved itself to be a group of go-getters from the first of the year. The first member to show herself to be well thought of was Ann Allen, who was elected by the Freshman class to represent it in the Student Council. Frank Uber was appointed assistant football manager. This class of thirty-nine pupils has among them eight band members, two orchestra members, two in the Junior Tri-Hi, and six in the Junior Hi-Y.

One of the events of the year was a party which proved to be a success and thoroughly enjoyed by all. These students are very active in school activities and are well represented in the different contests. All the students are active in putting over school projects and as soon as the usual greenness wears off they will be included among the seasoned veterans of high school life.

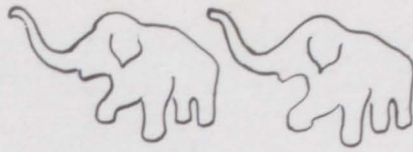

ROOM 18 — MISS WALTERS

Freshman room eighteen is made up of thirty-nine green but eager members who elected Dave Ketler to head them in their sojourn in the Freshman class. This class includes among them as honored members eight Junior Tri-Hi members and five Junior Hi-Y members. Those musically inclined total ten in the band and eight in the orchestra who help swell the music that issues from the auditorium every Tuesday morning. Wayne Book and David Ketler are members of the Science Club. While at first the members of this room were a little confused and sort of turned up in the wrong rooms at the wrong time, they finally settled down to be good citizens of Grove City Hi.

ROOM 7 — MISS FORREST

The really nice thing about this class is that it is composed entirely of lovely girls who are a little shy as yet, but they may surprise you. The girls in this room fill up forty seats, so you can guess as to their number. These girls have shown themselves to be intelligent and hard working in their school work and in different projects they have shown themselves to be fullhearted supporters of the high school. Here is a group of Freshmen who will prove itself worthy of any High School.

ROOM 17 — MISS TAGGART

The honor of being the largest room in the Freshman class goes to this room which reaches the number of forty-four. Among its claims to the recognition is the fact that the Drum Major for the Band is among its number. In the activities they hold twelve seats in the Junior Tri-Hi and two in the Junior Hi-Y. Some of the boys aspire for laurels in sports by trying for the junior varsity and hope in their junior or Senior year to play for the varsity. They have the typical Freshmen characteristics of being eager, green, confused, but hopeful of making good.

ROOM 24 — MISS MONTGOMERY

Included in this room are boys and girls who show signs of becoming second Washingtons, Lindberghs, or Joan of Arcs. However, up to the present time, none are nationally famous. Yet we may be assured that they will become students of whom the high school will be proud. They had men out for football and also for the junior varsity. None did outstanding work but they showed good spirit. One party was held early in the year and enjoyed by all who attended. These Freshmen will bear watching.

ROOM 3 — MISS FREW

In this room there are thirty-nine ambitious Freshmen who are looking forward to being full fledged Sophomores. Most of these boys and girls are looking forward to the time when they will own their own farm like their fathers. Some of the athletes in the room tried their ability as basketball players by going out for the Junior Varsity and two boys made the team. Two of their girls are in the Junior Tri-Hi. We hope these Freshmen turn out to be good upperclassmen and continue to do good work.

ROOM 10

FIRST ROW: Mary Ruth Weston, Helen Kaufman, Catherine Hilgar, Lillian Gill, Miss Hosack, Maxine Gilliland, Edith Commons, Mary Snyder, Jessie Miller
 SECOND ROW: Francis Reagle, Robert Lightner, Robert Winger, Jimmie Richardson, Fred Homang, Glenn Kelly, Wayne Engle, Robert Mossholder, George Stubbs, James Vincent.
 THIRD ROW: Will'am Dunkerley, Bernice McWilliams, Vivian Wiseman, Gerry Lou Black, Rosemond Rowe, Betty Mossford, Virginia Hartley, Helen Penman, Grace Meckler, Ralph Davis.
 FOURTH ROW: Robert Hoagland, Katherine Wolfe, Richard Dobie, Joan Mulderick, Robert Bovard, Esther Williamson, Alvin Schell, Virginia Rogers, Bill King.

ROOM 5

FIRST ROW: Barbara Brown, Bessie Shaulis, Eileen Reagle, Betsy Emery, Miss Cubbison, Patricia Murray, Lois Mary Peden, Elizabeth Gregory, Louise Cozad.
 SECOND ROW: Jack Parker, Donald Gregg, John Blake, Kenneth Pearson, Geraldine Schuklansky, Bill Manny, Bill Monks, Thomas Blakey, Miff McBride.
 THIRD ROW: Dick Campbell, Glenn Jacobs, Joe Holmes, Rita Holmes, Rita Kriedle, Mary Elizabeth Hays, Jane McMillin, Jean Carruthers, Eugene Bozell, Dick Porter, Ken. Book.
 FOURTH ROW: Sam Monk, Dick Seipple, Paul Dugan, James Marguglio, Bill Slater, Cliff Osborne, Paul Hassler, Reed Campbell.

THE EIGHTH GRADES

In the fall of '35
Seventy-one Eighth graders wise,
Entered the house of Grove City High,
Rather small, but with lots of pride.

Everything was new and strange,
Many got lost and felt ashamed,
But as the days and weeks flew by
Each found his place by just using his eye.

Athletics have been represented well,
Varsity football by Alvin Schell.
Junior Varsity, just the Scrubs,
Represented by Bill King, Joe Holmes, and George Stubbs.
Jack Parker, full of pep and steam,
Represents our Grade on the Wrestling team.

On the Honor Roll this year,
Several names always appear,
Others are striving day by day,
To do better and better in every way.

STUDENT COUNCIL

One of the most important and most powerful organizations in Grove City High School is the Student Council. It is composed of representatives of each of the four classes. These representatives are chosen by popular vote, and this year are under the expert leadership of the president, Robert Yurey.

During the past year the Student Council has performed many duties, such as sponsoring school dances, and having persons engaged in various occupations, speak in chapel.

The Student Council tries to promote a better understanding between the faculty and the student body; to stimulate interest in activities of the school; to arouse a wholesome school spirit.

To the members, officers, and Prof. Crowther, the advisor of the Student Council, we owe a vote of appreciation for their worthwhile labors for the benefit of Grove City High.

PINE KNOT STAFF

The Pine Knot was first published in 1924 for the purpose of recording some of the important events of the school during the preceding year.

As the years rolled along, the Pine Knot became a bigger and better year book, until now, although it has shrunk slightly due to the depression, it is most eagerly desired by all pupils.

As you see by this book, the staff has endeavored to supply the history of the school year, 1935-1936, in such a manner that the students and teachers may look back and be proud of the Pine Knot and the accomplishments of the school during this year.

ATHLETIC COUNCIL

The Athletic Council was organized last year for the purpose of bringing the athletic instructor into closer relationship with her pupils. The council elects members from each gym class to help in bringing about this firmer teacher-pupil association.

The local Athletic Council, while not a member of the State Athletic Council, follows its ideals and aims. The Grove City High School Council has had an exceptionally fine record of service since it was organized by Miss Olive Johnson.

The girls take care of the gym rooms and clean up and keep in repair the girls' locker room. In addition they help Miss Johnson to become better acquainted with each of the members of the gym classes.

SCIENCE CLUB

The Science Club was organized in the month of March, 1935, by Mr. Harland Surrena, Mr. LeRoy Nutt, and Miss Elizabeth Montgomery. Its members include students of honor grades from the Senior, Junior, Sophomore and Freshmen classes.

The Club makes biology trips, studies astronomy, performs class experiments and promotes further interest in science. With the aid of the Kiwanis Club they secured a sound-movie projector for the High School. A telescope for astronomy is about completed by members of the Club.

The first activity of the Club was the "Pet Show" last Spring which will be an annual event.

TRI-HI-Y

The Tri-H-Y is one of the oldest and largest organizations in the High School, having been formally launched by Miss Helen Forrest in 1930. Miss Genevieve McMullen has been acting as faculty advisor for the past two years.

The purpose of the club is: "To create, maintain, and extend throughout the school and community high standards of Christian character."

Slogan: "Pure thoughts, pure words, pure actions."

Objective: "To seek, to find, to share."

HI-Y

A club combining social, physical, and spiritual activities is the Grove City Hi-Y. Organized in 1928 by Mr. Hartman, it has now reached sixth place in the Hi-Y Clubs of the State.

CLUB PURPOSE—The Hi-Y exists for the purpose of creating, maintaining, and extending throughout the school and community high standards of Christian character.

CLUB SLOGAN—"Clean Speech, Clean Sport, Clean Scholarship, and Clean Living."

Among various other things, the Hi-Y has painted and repaired toys at Christmas time for the less fortunate children for many years. In basketball and football games the club takes charge of visiting teams and the referees.

After another successful year, we hope the Hi-Y goes on to bigger and finer things in future years.

JUNIOR TRI-HI-Y

The Junior Tri-Hi-Y was founded in the fall of the year 1934 by the girls of the Senior Tri-Hi-Y as a sister organization for the girls in the Freshman and Sophomore classes.

Modeled after the Senior club it has adopted the same platform, colors, insignia, and the same ideals and purpose for leading a better Christian life.

The Junior Tri-Hi-Y has enjoyed a very profitable and successful 1935 under the direction of Miss Margaret Cubbison.

JUNIOR HI-Y

From a small beginning several years ago, the Junior Hi-Y has become a well developed club. Under the leadership and guidance of Mr. McBride, the faculty advisor, the club has rapidly taken its place as one of the outstanding clubs in the High School.

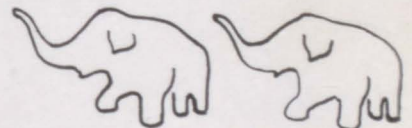

This organization has the same purpose and slogan as the Senior Hi-Y. It is open only to underclassmen so that they might have an organization similar to that of the Senior Hi-Y. A large percentage of the Junior Hi-Y is graduated into the Senior club.

Among their many duties, the Junior Hi-Y sells refreshments at football games. They also send at least two boys to the Hi-Y camp on Lake Erie each year.

SHA CLUB

The Sha Club is one of the newer clubs of Grove City High School. It was organized by the Home Economics teacher in 1930 and during the last year has been sponsored by Miss Eleanor Lewis.

The Sha Club is composed of Junior and Senior girls who are taking part in some phase of Household Education instruction. It was organized for the purpose of helping the members in their Home Economics work.

The girls have conducted a "Lost and Found" department very successfully for the High School for several years. The club has taken care of a checking room at the school dances and has sold candy at plays and operettas. This year the Club dressed dolls and donated them to the poor at Christmas.

For the past several years at the annual Music Literary Contests no official judges have been used, but the decision has been left to the audience who are asked to vote on their programs for the contestant they consider the best. While this decision is not official, it has worked out quite satisfactorily each year the plan was in use.

This year the contestants from Grove City High School gave a fine exhibition of the training each had received both in the contest at Sharpsville with the Sharpsville High School, and in the contest at home with Sharon High School.

GIRLS' CHORUS

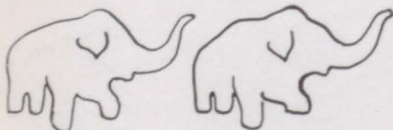

The Girls Chorus under the capable direction of Miss Katherine Smith received the award of the State Championship Trophy last year. This was only ten years after the club was started in 1925.

The Chorus under her direction has taken a major part in all the student musical activities and in February the group presented a fine concert to the public.

The members are: Mildred Alberth, Jean Albin, Mary A'Heran, Virginia Blanchard, Irene Black, Janet Baird, Ruth Coulter, Alice Curry, Mary Campbell, Celesta Davidson, Anna Fleck, Helen Foster, Gladys Filer, Mary Gardner, Jean Gill, Mildred Haid, Josephine Heasley, Evelyn Hilgar, Helen Hovis, Betty Hall, Virginia Kelly, Eleanor Kingsley, Mildred Lester, Mary J. BOYS' CHORUS

The Boy's Chorus was first organized in 1924 with only twelve members. Since then it has increased greatly in size and popularity. The organization, under the able direction of Mr. Marshall, meets each Monday and Tuesday at 11:15.

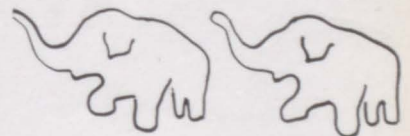

The Boys' Chorus has displayed remarkable results in its showing in both county and state contests. It won second place among the boys' choruses of the State and we hope they will win even higher honors this spring. In the operettas of former years and in the concert in February it has shown itself to be an organization worthy of the praise and support of the entire school.

The Junior Chorus is also under the direction of Mr. Marshall. This is composed of Freshman boys and girls and provides training for those who wish to sing in the Senior choruses.

FOOTBALL

Starting out the football season on September 14 by beating Mars High School by a 44-6 score, Grove City High School's football team, "The Golden Tornadoes," began one of the toughest and most unlucky football seasons ever played by a Grove City High School Team.

Although the football season was very unlucky the team emerged with a good average by winning five, losing four, and tying one.

Preparing for the second game of the year with Bessemer, the team encountered their first injury when Merle Frisch fractured his ankle in practice. In spite of Frisch's injury, a fighting team went on the field and beat Bessemer by a score of 22-0.

Winning from Oil City the following week by a score of 20-6, the fighting Grove City Team made its third victory in succession.

On October 4, our team traveled to Meadville where they played a game of first class football only to be beaten for the first time during the season by a score of 7-6.

The following week "The Golden Tornadoes" entertained Greenville their first county opponents, and downed the "Morganites" by a score of 12-6, thus winning their first county game. Another injury was received as "Norkey" King fractured a vertebrae in his neck. However, winning of this game put the rest of the boys in high spirits for the Sharon gamethefollowing week.

"The Game" was played on October 19 between Sharon and Grove City High Schools on the Grove City Athletic Field with some 2,500 spectators. This became the critical game of the season as the tragedy of the year happened about three minutes after it began. Frank, "Jiggs" Wolford died, as it was said, "with his head on the goal and his boots on." The game continued until the end of the first half when it was called off, Sharon leading 7-6.

The following week was a gloomy one for all Grove City High School students. The football team practiced but once and due to lack of practice Mercer High School held them to a scoreless tie.

Regaining their morale and spirit "The Golden Tornadoes" went out the next week and downed a fighting Titusville team by a score of 12-0, thus strengthening them.

The next game was with Sharpville, another county opponent, and one of the toughest teams in the group. Sharpville's "Blue Devils" downed our little fighting team by a 21-0 score.

"The Golden Tornadoe's" last game of the year was with Farrell High School. From start to finish it was a hard fought game. Although the Grovers could not overcome the great lead secured by Farrell in the first two periods, they made a valiant effort, and the thrilling last half ended with the score 20-1. It was Farrell's game but Grove City was proud of her fighting eleven.

We congratulate you members of this great team and hope to have many teams in the future with the grit and spirit that you have shown us during the football season of 1935.

Not contented with ruining the football team, "Mr. Bad Luck" followed Coach Joe Hartman into basketball season and ruined his chances for having a county championship team in basketball.

Beginning the basketball season with high hopes of winning the county flag, Coach Hartman's players began with much enthusiasm for having a good season and with the thought of winning "The Game," the members played hard and improved greatly.

When the Sharon game—The Game—came along all the players had the fighting spirit, and the little Grove City High School team, always the underdog, came out of the game the victors. This little Grove City High team began to be noticed because during the following week they took down Mercer High in an easy manner, but were unable to win from Greenville High in Greenville's bandbox basketball floor and also lost to Sharpsville High at Sharpsville.

The week following the Sharpsville game, however, Coach Hartman's team was handed its first great set-back when Robert Buchanan and Raid Patterson were put out of action for the remainder of the year by injured legs. The absence of these two players left Coach Hartman with a small team which did not contain a six foot player.

Facing these injuries with good intentions Coach Hartman made the combination up of Captain George King, Carroll Byler, Wayne Cookson, Bob Allen, and Clifford Smith. These boys ended the season with a fighting spirit.

Of these five men, two of them were injured before the season ended but were able to remain playing. When this team went on the floor to play Sharon the return game, Captain George King had his arm bandaged at the elbow and was unable to bend it, while Wayne Cookson had a nail removed from his toe two days before the game. Although these two fellows managed to play, Sharon was the victor, having the advantage of the height.

In spite of the numerous injuries and other difficulties the little crippled team emerge from the season with a fifty-fifty average, so better luck next time, "Golden Tornadoes!"

WRESTLING

Completing the fifth year of inter-scholastic wrestling, Grove City High School has had another successful year this year in winning five matches and losing four. The Grove City High School wrestling team is noted for its fight and "Never say die spirit."

In spite of injuries, overweight, underweight, or having boys quit school to work, Mr. Jack made a winning combination out of the few men he had. At the beginning of the season the team only consisted of four letter men.

Since wrestling is just beginning to be taken seriously in Grove City High School, we extend our good wishes to you "grapplers" and wish you luck in the future.

The members of the first squad and their weights are as follows: Jack Parker, 85 pounds; Jack McKinley, 95 pounds; Roy Giesman, 105 pounds; Stanley Moodie, 115 pounds; "Lindy" McCarl, 125 pounds; Ben DeArchangelo, 135 pounds; Dave Braine, 145 pounds; Merle Frisch, 155 pounds; Williard Shawgo, 165 pounds; and LaVerne Gills, heavyweight.

TRACK

Captain John Smith led the Grover Tracksters through a very successful 1935 season, the team winning three and losing two. By misfortune the Grovers failed to gain enough points, however, to win over the old time rival, Sharon, thus giving Sharon the County Championship.

Grove City High School sent a few boys to compete in the Pitt Interscholastic and the Northwestern Interscholastic meets, and although the boys did qualify they could not win a place in the finals.

During the closing track meet of the regular season "Lindy" McCarl and Captain John Smith each established new records, McCarl running the mile in 4:54.6 minutes and Smith throwing the shot put 44 feet, 4 inches.

INTER CLASS SPORTS

Inter-class sports of Grove City High School, under the supervision of Mr. Jack and Miss Johnson, athletic directors of the high school, began this year with the boys taking part in class football and the girls having tap dancing.

In the boys football league the champions of both the heavy weight and light weight teams were decidedly the champions as each team was undefeated. In the heavyweight league the Pirates captained by Edward Rongaus, former varsity football player, were named the champions; while Tigers of the lightweight league captained by Emerson Miles were the champs.

Next to fall in line in the way of sports for the boys came basketball and wrestling. Basketball unlike football, the harder game of the two physically, is played by all the gym classes of the high school. The champion team is picked from all the teams. This year the Maroons captained by Charles Hartley won the deciding games and thus gained the basketball championship.

As wrestling, a new sport for class teams, is being taken seriously this year, each class will have their own separate team and the champion team will be picked the night of the gym exhibition which is to be held on April 3.

Volley ball, another new sport for the high school pupils, will be played more in the future as Mr. Jack thinks it is a valuable form of recreation that requires sure footing and quick hand work.

In the spring Mr. Jack will hold an inter-class track meet which will be compulsory to all classes except the Seniors. They will be allowed to enter the meet if they wish. This track meet will be run in the same way as the varsity track meets.

The girls will take part in the annual Play Day which is held each year by the Grove City College. In the Play Day events the girls will take part in mushball, hockey, basketball, races, archery, and swimming.

❖ PLANS ❖

In football a well planned forward pass has failed because a player from the opposition broke through, forcing the passer to throw the ball sooner than he planned.

In life too, things are continually coming up to interfere with our plans, forcing us to act sooner than we anticipated. Those are times when the Thrift Account proves its real worth.

"CARS FOR GIRLS"

The Chevrolet is very new,
It's color is maroon.
"Boy, it's swell," says Mary Lou,
"And what a place to spoon."

"I like a Dodge for mine," says Ruth
"Keg's isn't any wreck,
More comfort than in Curry's booth
More privacy to neck."

Peggy says she'd sooner walk
Than ride a model T.
"On a country road the thing might balk,
Then where, I ask, would I be?"

Some others like variety,
A few would rather not.
Their papa might a boy friend see,
And then they would be caught.

The moral of this story is
That be it great or small
A car with just one boy friend is
The best car after all.

Tommy Forker—"I think bookkeeping is a healthy job."

David Anderson—"Why so"?

Tommy Forker—"You get so much exercise running up and down columns."

D. Elliott—"Why don't you like girls"?

R. Bryant—"They're too biased."

D. Elliott—"Biased"?

R. Bryant—"Ya, whenever I go out with them, it's bias this and bias that until I'm broke."

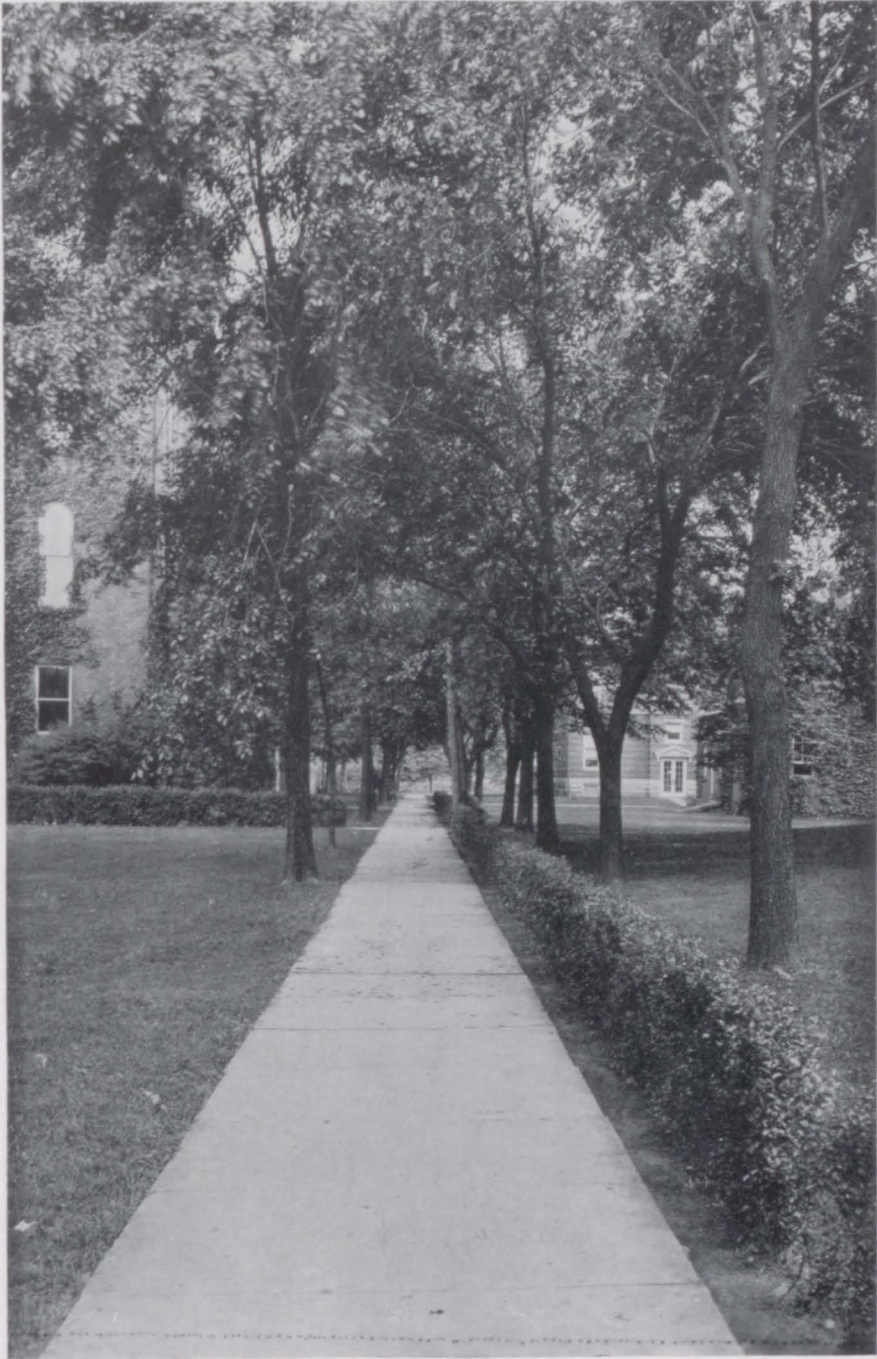

One of our renowned faculty members secretly left one of his classes for a moment. When he returned, he found a not too complimentary caricature of himself on the blackboard. Angrily turning to the pupils nearest him, he snapped. "Do you know who is responsible for that atrocity?" "No, sir I don't," replied the pupil, "but I strongly suspect his parents."

Children are natural mimics. They act like their parents in spite of every effort to teach them good manners.

A blotter is something you look for while the ink dries.

Jay Palmer—"I left it in the jug."

It's a great kindness to trust people with a secret. They feel so important while telling it.

Ain't he cute—and only six.

"BE YOURSELF"

If I were going to live again
And be a bug or dog or wren,
I think I'd rather be a moth
And live on different kinds of cloth.

To be a moth, I think, would be
The top of aristocracy.
For one could eat the robes of Kings
And dine on other lucious things.

I'd sleep and feed myself all day
And in a nice warm suit I'd stay.
Then fly around the house at nights
And flutter round electric lights.

But when the time to die would come,
And from the mothballs I'd succumb,
I'd wish as I began to die,
I'd been an ostrich or a fly.

I might be happy as a mouse
Or even happier as a louse,
But it's plain for you to see
That I'm much happier just as me.

ODE TO THE CLASSES

Hail to the Seniors, wise—not few,
We'll surely always remember you.
The wonderful (?) marks you mostly make
Surely always take the cake!
But please forget your knowledge now
And show the present Juniors how—
To stand the gaff.

Now quiet, Juniors, we know who's there—
How could we forget it with you in our hair?
Your boisterous tongues, your frolicing feet
Cause many Sophies' hearts to beat.
The Seniors look down on you with shame—
But remember us on your road to fame.

Well, well! Here is another class
Tell me, teacher, do you think they'll pass?
Maybe a few will fall from the brink
Into a sea of special red ink.
But the little dears are really quite gay
And usually have a lot to say.

How now, I hear a sigh, a groan
And find myself no longer alone,
My ear is filled with questioning tones,
"Please ma'am, help a Freshman of the clan of Jones.
Room 2, Floor 1—The class is there,
But I can't find my way to the stair!"

This ends my tale,
This ends my song,
The classes were good
But—I done 'em wrong!

ROOM 13

Room 13 assumed full order
And work was at once begun,
When, in came Perry ten minutes late,
And boy! did we have fun!

The Boyer's bus driver is getting impatient
Because Mildred W's. a bit too slow.
Emma D. comes in a pretty nice car
But Dorothy C. comes with her beau.

Mary D. goes in for typewriting,
And Helen C. for old folks' dance,
George K. is our athletic hero
And he has shown his brilliance.

School almost over and Martha Reed quits
That leaves Viola F. without a "pal".
Dorothy D. is taking that job
But she'll soon be out on bail.

Helen F. is rather short
And she says Ruth G. is tall,
But let me say that this Rose B.
Is good in basketball.

Walter H. is noted for his sunny smile;
And Albert G. for his quiet ways,
But he jumps close by that window
When our new fire gong brays.

And now, I suppose, you'll be guessing,
As to who the rest of us are,
Mrs. Houston says we're all good Seniors,
So we thank our Lucky Star.

JIB-JABS

During the past year Ye Old Jib-Jabs column of Grove City High School has done pretty well in making people angry (including some parents). But really, it is all in fun and so there has been no reason for people trying to get revenge on me for the little bit of "dirt" put in about them.

Let's review the new loves, fights, dates, etc., for the past year. First comes Buck and Peggy, running neck in neck (isn't that a good expression?) with Tommy McKnight and Helen Porter. A year and one month, I believe, is the length of the time that Buck and Peggy have been going together (Not counting the first and second times when Buck went with Peggy for a spell.)

"Cheesie" Craft has held a date in nearly every town near Grove City, Slippery Rock, Mercer—I don't know about Harrisville but I believe there would be a chance for him there, don't you?

And remember the Freshmen love birds, Dave Ketler and Christine Lenkner, Wayne Book, and Helen Hazlett who always seemed to have a good time together.

Betty Perrine and Bob Allen make the cutest couple. With Bob's dark curly hair (what girls dream about) and Betty's beautiful blond locks (natural) it's no wonder they look nice together.

My dear Miss Pagenelli and Ray Bryant always seemed to be jealous of one another. Do you remember how mad she got at me when I changed a few words in the Jib-Jabs that she wrote about herself?

Remember Dave Braine's first dates? They were with Beatrice Graham, I believe. And then he dated Kate Montgomery. They made a "sweet" couple, didn't you think they did?

There are not very many boys as devoted as "Spike" is to Dot Moon. Dot didn't do bad either. I guess she was exceptionally nice to him when he had his neck in a cast.

The first dance of the year same around. And there was "Shalarky" with a date and no one knew who it was. One day in Chemistry class he let it slip and so that was the end of that secret. "Shalarky" must have liked her, too, 'cause he had a date the following Sunday night.

During the whole year you could see Paul Giles and Clara Smith getting along just fine. It's not many fellows that can go with a girl with such pretty red hair.

Dave Easterbrooks did real well at the end of the year. He took Agnes to the St. Patrick's Day dance and had a date with her for the prom.

JIB JABS—Continued

And then there was Raed Patterson and Ellinore Brown. The only trouble with this was the location of Ellinore's home. To Pardoe and back is too far to walk in one night.

Every dance that came around you could see Ted and "Babe" together. Never will I forget the night of the "Showboat," and just because of them.

Near the mid-term who should start going with "Scooter" but Gay King. I guess he left Harrisville for good.

And last but not least come Harlan Jay Surrena, Jr., to break into the news. I have only one reason for not wanting to graduate. And that is the many swell speeches I am sure Harlan will have "Sonny" give in chapel next year.
