LANGUAGES

Now, more than ever before, we need to know when, how, and why to listen. Through the use of language we are able to express ourselves to others around us. Our language is a communication, a means of getting along in friendly groups, in clubs, in classes, and in business situations.

The competitive spirit in the world today provides a greater need for a more extensive knowledge of languages. For this reason English, French, Latin and Spanish are the subjects included in this department.

SCIENCE

In this world where the impossible has become commonplace, no longer can science be ignored. It is said that in a few more years the unfortunate person who does not keep up with modern-day science will not even have the ability to read the daily paper without running into phrases or words completely over his head.

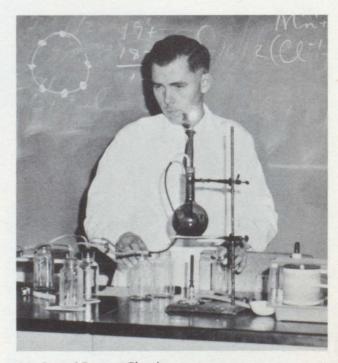

With this in mind, Grove City High School is making sure that the students have a good science background. Some of the courses available to students are biology, the science of life; physics, the study of matter and its motions; and chemistry, the science of the composition and transformations of substances.

MATHEMATICS

Man began to wonder about the sizes of things around him and from this curiosity mathematics began. It has greatly increased in importance since then. Today such terms as automation, high speed computers, satellites, rockets, and astronauts are common words in our vocabulary.

The mathematics courses offered at Grove City High School are general math, algebra, plane and solid geometry, business arithmetic, trigonometry, and advanced algebra.

SOCIAL STUDIES

The sophomores, by studying world cultures, learn about other peoples' civilizations. Juniors who study American history learn of their own country's background and so appreciate their freedoms. The seniors study problems of democracy to learn of modern society and its problems.

To gain a better understanding of others is the objective of the social studies department. In this way we work together in solving problems by reasoning and intelligence.

We must understand the people of today's world and those of yesterday's.

FINE ARTS AND

The aim of the Fine and Industrial Arts department is to develop the student's hidden talents and creative ability.

These talents and abilities may lead to the choice of a career or a hobby with proper guidance.

The music department gives students a chance to perform in the band, orchestra, or chorus. The department's yearly project is the annual Christmas concert.

Individuals are given a chance to experiment with color and design in the art department. Students have the opportunity to display their creativity in various projects.

Students in the industrial arts department acquire good working habits and learn to display their objects effectively.

Many diversified activities are offered in the classes. The boys participate in touch football, mushball, wrestling, track fundamentals, soccer, basketball, tumbling, and rope work. Girls enjoy modern and square dancing, soccer, softball, tumbling, basketball, tennis, and volleyball.

This program is based upon one idea—that each student should develop himself physically while learning to grow in sportsmanship and character through participation with others.

HOME ECONOMICS

This field of education covers the many aspects of family living. An actual home in school provides the student a chance to develop self-confidence, leadership, initiative, and co-operation.

Emphasis is on the development of interests and meeting the needs of individuals.

No simple task is the management of money, the various needs of the family, and the care and guidance of children. These aspects are discussed in the classroom.

Aspiring artists are encouraged by their adviser, Miss Marlene Gamer, to release their aesthetic abilities through their numerous creative projects. To set the school in a holiday atmosphere the club painted a mural for Thanksgiving and adorned the doors and building with beautiful ornamental wreaths during the Christmas Season. When not indulged in beautifying the school, the students engage themselves in working on a mosaic glass mural—a "Yearbook in Pictures," depicting a typical school year with all its facets.

With profits from their very successful Valentines record hop the club members visited Pittsburgh's Kaufmann's Scholastic Art Exhibit and the Carnegie Museum where they enjoyed viewing original works of the Masters.

Wrestling

As the proverb says, "All good things must come to an end." Well, it happened to Coach Gene Forker's matmen this year when they had their first losing season in eight years. This was only the fourth losing season the Eagles have had in the entire 23 years of wrestling at GCHS.

In the first match of the season they lost to the Franklin Knights 29-22. Following their loss to Franklin, the Gold and White were defeated by the Reynold's grapplers 27-21.

The Eagles started on the road of success with an overpowering victory over the Lakeview Sailors 30-13. After their first victory, Grove City took on the tough Hickory Hornets and lost 27-21.

Greenville's Trojans then trampled Grove City underfoot 36-8. The Eagles supplied their following with one of the most exciting matches of the year when they took on New Castle in the annual Winter Festival but lost 21-17.

After the New Castle loss, Grove City was defeated three more times by Jamestown (29-14), Oil City (29-19), and Commodore Perry (27-18).

Gold and White grapplers ended their season on a happy note when they defeated West Middlesex for the second time 29-18.

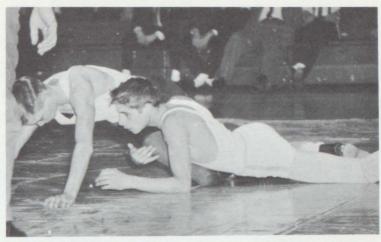

Bud Ruley who wrestled in the 167 pound class led the Eagles with his 16 straight victories including the District 10 Championship. Ruley will be missed as he is being lost by graduation this year.

Head Coach Gene Forker and Assistant Coach Norbert Dennis converse as squad waits their turn on the mat.

GCHS 27—Rochester 0 . . . Grove City High School's flying Eagles presented new head coach, John Hummel, his first victory of the 1962 season. This victory over the Rams makes it 3 out of 3.

The first half proved to be one of defensive playing for both squads. Ron Coleman tossed a 26 yard pass to Bob Mellon for the only score in the first half.

Offensively the Eagles racked up 17 first downs and gained a total of 355 yards. The defensive squad refused the Rams a score and held them to only 2 first downs.

The Rockets were really up for this game and the Eagles had a tough time pulling it out.

Outstanding plays were Johnny McNee's punt return to the Rockets' two yard line and Dick Schultz's tackle on the Eagle 14 yard line.

Vechnak's pass to Coleman set up the first T.D. and Chanadet added 2 more.

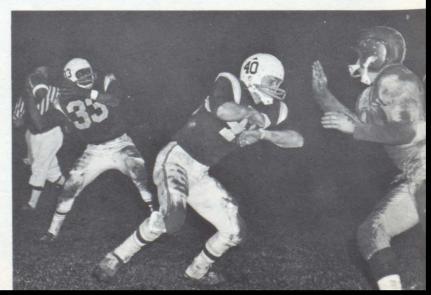

Statistics stood in favor of the Rockets but the final score told the story.

Ron Pearce (#88) paves the way for ball carrier Greg Sturgeon (#10). John McNees (#34) ready to take out opposition.

GCHS 13—Franklin 14 . . . This stopped the winning ways of the Eagles after 14 straight victories. The Eagles drew first blood when Chanadet faked to Gills and went over from his five yard line. Ron Pearce fell on a loose ball to set up the next score. Bill Gills played it from the two yard line. The conversion was blocked and this proved to be the important point. Franklin scored twice and the Eagles were on the losing end for the first time since 1960.

Chuck Chanadet (#22) makes needed yardage for first down.

GCHS 6—Sharpsville 20 . . . a snow-covered field greeted the Eagles and the Blue Devils on "Parents Night." The night was cold but the Blue Devils were hot after the Eagle's scalp.

Again the Eagles scored first when they recovered a Sharpsville fumble and drove 64 yards to score their lone touchdown. Chuck Chanadet did the honors.

From here on it was all Sharpsville as they notched three touchdowns against the Eagles.

Ron Coleman scored 46 points for the highest total for an Eagle player. Ron also took the Mercer County scoring title by racking up 117 points.

Under new head Coach Lennie Clarke the 1962-63 basketball team ended the season with seventeen wins and five losses. Coach Clarke, formerly the Junior Varsity Coach, took over the reins as head coach from Art. Zarone. The seventeen wins and five losses sets a new school record for Grove City High School.

The season started by Reynolds edging the Eagles by one point. Bouncing back the Eagles won the next three games from Titusville, Oil City and Lakeview. Mercer proved to be the only team that could take the Eagles twice. West Middlesex, Hickory, Lakeview, Commodore Perry and Sharpsville fell by the wayside as the Gold and White came charging through with a five game winning streak. Only two more losses were recorded against Grove City.

Climaxing the year were two close overtime games with Sharpsville. The Eagles took the first one and this tied them with Sharpsville for the Mercer County Class A title. Sharpsville captured the Mercer County Class A title by defeating Grove City in the play-off game.

Gary Vechnak led the individual scoring column with 324 points as the Eagles marched over their rivals 1316 to 1105.
