OUR WORLD IN MINIATURE

The staff has tried, in publishing this year book, to present life in our world of Grove City High school as it appears to the average student. We have divided the book into four parts; The World of Friendship, Affairs, Physical Culture, and Business. This is the world in which all of us associate for four years - - - a world which we enjoy, and hope to continue to enjoy through the pages of this book.

THE ADVERTISERS -- OUR FRIENDS

Our World is Richer...

Because he has helped and guided us; because he has proved himself to be a friend of all; because of his untiring efforts in our behalf; because of his patience and cheerfulness, we of the Pine Knot Staff wish to express our gratitude to him and honor one who has made our high school days more enjoyable for us. We have noted his keen sense of what is right and fair, and have tried to follow the excellent example he has set for us. We are proud to dedicate this, our Pine Knot of 1941, to our superintendent and friend, Dr. H. W. Traister.

Dr. H. W. Traister . . . graduated from New Bethlehem High School, Clarion Normal School . . . graduate work at the University of Pittsburgh, Bachelor of Science, 1926; Master of Arts, 1929; Doctor's degree in Education, 1939 . . . assistant principal, junior high school, Kittanning . . principal of two elementary schools, McKeesport . . . director of elementary education, Beaver Falls . . . author of "A Course of Study in Elementary Grades", "Reports of Testing, 1931 - 1933", "Intelligence and Self-Appraisal Ability in Elementary School Subjects", and "A Course of Study for State in Fifth and Sixth Grade Arithmetic" . . . has served on various state committees, among them the state curriculum committee in mathematics . . . has held official positions in P. MR. G. H. CROWTHER

Principal

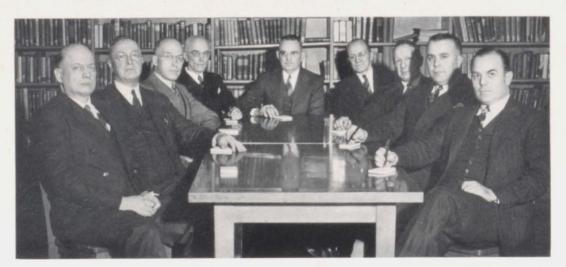

of the High School

Board of Education . . .

Long after the tramping of many feet and the endless chatter of student voices have been completely silenced, these men assemble on the first Monday of each month to devote themselves to the task of supervising the education of the boys and girls of the community.

The duties of the board of education are definitely outlined by state statute. In general these duties concern the supervision of all such school problems as finances, buildings, grounds, supplies, and curriculum. Many hours are taken up in filling vacancies among faculty personnel, granting appropriations, levying school taxes, approving additions to the curriculum, making appropriations to various departments, and purchasing books and supplies.

Because of their civic pride, Grove City High school possesses an enviable reputation as one of the state's finest institutions of learning.

Mr. W. J. Manny, Dr. W. J. Campbell, Dr. W. F. Rossman, Mr. A. M. Winder, Mr. F. H. Elliott, Pres; Mr. V. H. Fleck, Sec'y.; Dr. B. O. Montgomery, Dr. H. W. Traister, Supt.; Mr. N. S. Crill.

THEY FORM OUR STUDENT GOVERNING

STUDENT COUNCIL

As the nation sends representatives to Congress, the student body sends the members of Student Council. There are twelve members, five seniors, four juniors, two sopnomores, one freshman, all elected to serve on the council by their fellow classmen. They act as intermediaries between the students and the administration, expressing the views of the students and trying to tackle the many problems that come up every day.

Financially, this group is in the pink of condition. Remember the get-acquainted carnival at the first of the year, lights, booths, decorations, music? Well, you get an idea of the size of the events that the Student Council sponsors. It takes a great deal of planning to make such a program proceed without a hitch, but the members of the council are just the ones to do it. They use the receipts of these events to buy nttle things that are needed around the ouilding. Last year, they bought a speaker's table for use in chapel. When they start to plan something, you can be sure it will be carried to the Nth degree. The council holds its meetings every Friday morning at 8:30 with Mr. Crowther representing the administration.

All the members serve on hall duty at different periods during the day and are always ready, willin', and able when it comes to running errands or directing strangers about the building. And, students, if you happen to be running around the halls during a period, beware, for the administration is clamping down on this with the help of council members.

The pet of the student council seems to be the programs in chapel. They're always trying to make them more interesting and entertaining. They get all kinds of speakers and entertainers. They asked the clubs to take charge of one chapel program each and it worked out very well. Members of that club conducted the devotional period and then presented an entertaining program.

ATHLETIC COUNCIL

Here are the Tarzanettes, the super sportswomen of the high school. Talk about oomph! Can't you see it's written all over their faces? Yes, by golly, they're the cream of the crop, not only in beauty, but in sports. When we say sports, we mean the real rough-andtumble, drag-'em-out kind. Their basketball is just as fast and furious as that of any group of boys. Nor does their basketball outshadow their ring tennis or volleyball by any means. They also go for roller-skating and swimming. But - now here is what takes the cake. On occasion these girls actually play sixman, or should we say, six-girl football. Yes, you heard right. We said football. How do you like that? Pretty tough, eh what? Didn't we tell you they went in for sports in a mighty big way?

Yes, their meetings are peppy, just like the girls themselves; and when it comes around about the time for initiation of new members, the girls rack their brains for hair-raising stunts. The girls will tell you that when they were initiated, they thought it was terrible.

Probably the high point of their meetings is the dance. They seem to know all the latest steps. The girls are always practicing together and at the dances for the entire school, you will seldom ever see a member of athletic council who hasn't got her man. For the fellows who want to go to the dances, but, because they are afraid they can't dance well enough, hesitate to ask a girl, these kids are a blessing in disguise. They are under the direction of Mrs. Hay.

THEY DWELL IN A LITERARY AND

SCIENCE CLUB

Who should belong to a science club but those interested in the various phases of chemistry or physics? No one, we say, and the amateur scientists of G. C. H. S., under the direction of Mr. Nutt and Mr. Surrena, are no exception. They're rarin' to go when it comes to delving into the inner mysteries of these subjects. If one of the members has an interesting experiment that he thinks the other members would enjoy, he can use it at the meeting on Wednesday evening when it is his turn to take part in the program. Each member must participate in the program at least once. Two of the members built and now operate their own licensed radio stations. Most of the movies that are shown in chapel are made possible by the Science Club.

However, things of a scientific nature are not all the members do. Every fall they turn super-salesmen and sell tickets for the annual Lyceum course. When they are selling these tickets, the "victim" just might as well give in and buy right away. We cannot figure out what makes them agree to buy so quick, but we rather think it's the all-important "approach." The one these salesmen use just seems to wow them and lay them open for almost anything. Then comes the "persuader." It just can't be beat. Last, but not least, the "clincher" is applied. The sale is made. And the buyer enjoys the Lyceum course immensely.

LITERARY CLUB

According to the dictionary, literary means of, or pertaining to, letters or literature. However, this group has broadened the meaning of the word. Not only do they keep up with the latest books, but they put on skits, have reviews of current movies, enjoy some kind of music and gather other forms of culture. Each member of the club must take part in one of these programs at least once a semester.

However, things on an intellectual plane are not the sole diversion at their meetings. They all go for uproariously good times and their parties are something to remember. To keep the club treasury replenished, the members sell candy and ice cream at the games.

This year the Student Council asked the various clubs to take charge of one chapel service. Members of the club were to lead the devotional service and then to present an interesting variety program. Well, if the way the Literary club members put on a chapel program is any indication of their regular meetings, it's a wonder half the school doesn't belong to this organization. Their program led off with a side-splitting musical skit, went into a one-act play and ended with a stirring patriotic song by the girl's trio. All were announced by twin soldierettes.

THESE BOYS AND GIRLS ARE

HI-Y

One of the purposes of the Hi-Y is to make the boys better citizens and to help them understand the proper attitudes of youth. In this club, the boys not only attain these aims, but they actually look forward to doing it. At Christmas time they gather up old toys that are broken and bent and would otherwise be thrown away. They then go to work on them — painting, straightening, refitting, and on the day before Christmas, distribute them to needy children in the community who would otherwise not get any toys.

In the spring, the club holds its annual Clean-Up day. The public is asked to put out any unwanted trash. The members of the club are excused from school. Townsmen donate trucks for the day, and, in their oldest clothes, yelling and enjoying themselves while performing this civic act, the boys collect the trash set out throughout the town and haul it away.

This year the Hi-Y participated in a statewide biole study contest. Mr. Smiley taught seven consecutive lessons on the proper attitudes of youth. The seven subjects were:

How does youth face difficulty? How do you win friends? We need a high opinion of ourselves. Your attitude toward authority. Working together with the family. Our attitude toward our community. Our attitude toward God.

After hearing these lessons each member took a test on them. The tests were then submitted to the state Hi-Y authority to be corrected. Each member that passed the test received a certificate. The club that had the greatest number of members pass the test in proportion to its membership was declared the state winner.

JR.-TRI-HI-Y

This club represents the upper crust of the underclassmen. The members can be very lady-like if they want to, but can also be called hard-headed businesswomen, as is shown by the enterprising way in which they sell their wares at dances and in the lower hall at noon. If you have a sweet tooth, they're the ones to look for. Their leader, Miss Elliott, wants them to become fine young women and yet have fun in the process.

When you want some good suggestions for having fun at parties, Miss Elliott is probably the one to see. She seems to have an inexhaustible supply of party ideas. With her at the helm of the club, the members are almost assured of having a grand time. They seem to put over everything they try.

During the year, this club had interests overseas. By way of doing their bit for Britain, the girls knitted scarfs to be sent over. The local chapter of Bundles For Britain furnished the materials, and in their spare time, the members turned out quite a number of scarfs.

LET'S HAVE SOME "MUSIC, MAESTRO,

BAND

Here is a band that is a band. When the group played a stirring march, it makes you want to get in step. They rival the Marine band with their trills, their fanfares, and their resounding drums. Girls cannot resist these broad-shouldered lads in their natty uniforms. Looking at it from the other side, boys cannot help but take notice of the drum majorettes - trim, slim, and just overflowing with vim. And those girls in the band! Besides adding the feminine touch, they make for variety in the ranks. Under the command of "El Capitan" Marshall, the entire outfit is drilled to tip-top perfection.

At the games and during the wrestling season, the band helped to bring out the old school spirit in a great big way. The more the band played, the more the students yelled and thus encouraged the players to win for old G.C.H.S. With everybody talking about the army, the navy, and so on during the past few months, the band went military too. It adopted a military marching formation for the football field that shows precision.

ORCHESTRA

"All right now, the girls will sing the verse, and the boys will come in on the chorus. Let's see which we can hear better."

Such is what you might hear any Thursday morning in chapel. For your information, it will probably be Miss Burgess conducting one of her "community sings." It might be a song of the bounding main, a negro spiritual, or a patriotic hymn. Whatever it is, your vocal cords will get a good workout as this musical mistress and her symphonic aggregation speed up to a fever pitch. Yes, everybody enjoys these "sings" immensely. The orchestra seems to be able to play anything Miss Burgess calls for, so well-trained are the members.

And, kids, can you imagine what the operetta, "Swords and Scissors" would have been like without the splendid music of the orchestra? Well, it just wouldn't have been an operetta at all. This group adds that little touch that makes a good program next to perfect. Practice makes perfect, we are told, and the orchestra makes its practice periods on Monday, Wednesday, Thursday, and Friday count for a lot.

BOYS' CHORUS

Here is a bunch of boys that really enjoy singing. Their regular practice period is at 11:15, but even after the period is over, they keep singing away as they stream out of the band room. Song is in their blood, and they enjoy it to the utmost; so there is nothing unexpected when they bring home the bacon from the contests. Their numerous trophies, that are the pride and joy of everyone, occupy prominent places in the trophy case in the front hall. In fact, they have won so many prizes that they have been withdrawn to give other schools a chance. Under Mr. Marshall's direction, their voices are blended to produce many excellent effects. It's just one big happy mixture of booming basses, babbling baritones and thrilling tenors. Maybe they've even got a couple of sizzling sopranos. Anyhow, they are champions when it comes to all matters musical.

The thing that all the boys look forward to every year is the minstrel show sponsored by the American Legion. It's just like the old-time minstrels except for the fact that they don't sell linement, snake oil, or other mixtures that are guaranteed to cure any and all ills, aches and pains. There are lots of darkies, side-splitting jokes, and good old minstrel music. On those nights the boy's chorus is just one big bunch of darkies.

And too, the boys' chorus is right on hand at operetta time. They played a big part in furnishing the background music for this year's operetta "Swords and Scissors."

SENIOR PLAY

"What A Life! . . . What A Life!" became a familiar complaint of Miss Jamison and Miss McCoy, as well as the group of seniors that presented the annual class play, "What A Life." last fall.

"What A Life" is the story of the trials and troubles of Henry Aldrich and the entire play takes place in the office of the principal of Central High school where Henry and his friends spend most of their time. After a series of exciting events in which Henry is accused of stealing some band instruments and consequently expelled, a detective from police headquarters with the help of the music teacher unravels the mystery and pins the theft on George Bigelow.

While in the principal's office, Henry meets Barbara Pearson, and the curtain falls on the last scene with Henry borrowing thirty cents from Barbara in order to take her to a dance.

GIRLS' ENSEMBLE

State winners for the second time in four years, Grove City High school's Girls' Ensemble, directed by Miss Selkirk Burgess, carried off top honors in the Pennsylvania Music and Forensic League state-wide contest held in New Castle on Friday and Saturday, April 18 and 19, 1941. Our Girls' Ensemble won in 1938, when the state contest was held in Grove City.

After winning the county contest held in Greenville on March 28, and next the Northwestern District contest in Slippery Rock, April 4 - 5, the girls went to New Castle where they were awarded the trophy for winning first place.

The first sopranos in the ensemble are: Wanda Blakney, Lee Carruthers, Mary Beth Leisher, Jean Walters, and Pat White. Martha Ann Clark, Evelyn Horam, and Jean Hovis are the second sopranos. The altos are Jeanne Evans, Betty McCoy, Jane Millsop, and Mary Eva Smith.

The Ensemble, under the very able direction of Miss Burgess, has sung at many local gatherings and over station WPIC at Sharon.

This year the Ensemble will lose three of its members at graduation, Wanda Blakney, Jean Walters, and Jane Millsop. During her senior year, Jean served as manager of the Ensemble, checking the roll and arranging for transportation when the girls are to sing some place out of town.

In their white formal dresses, the girls make an attractive picture when they are assembled ready to sing. Grove City High school is proud of this fine group of girls — this year awarded first place in the state contest.

OPERETTA

"SWORDS and SCISSORS"

Swords and Scissors"—a Military-Millinery operetta—was presented by the music department of Grove City High school under the direction of Miss Burgess, Mr. Marshall, and Miss Graham.

A ball is to be given in honor of the Italian deputation-come to offer the crawn of Italy to Napoleon. Josephine, wife of Napoleon, is anxious that she and her ladies make a splendid appearance, but Napoleon, generous as regards war supplies, resents what he terms Josephines' extravagance in dress. Rose de Vidal, chief lady-in-waiting, disclosed to the Empress a plot which she has originated to obtain the desired finery. A tailor, Moreau by name, is anxious to become Court dressmaker to her majesty; he is willing to extend credit provided he gains this appointment. Rose, with Josephine's consent, arranges a secret interview in the garden of Malmaison, where the tailor is to show his wares.

Triffle, a detective, hears Rose discussing the affair of the tailor, whose name is Moreau, and immediately imagines he is listening to a plan for a meeting with General Moreau—bitter foe and traitor to Napoleon. Triffle promptly tells his superior, Fouche, chief of Paris police, who in turn tells Napoelon. The Emperor violently repudiates the idea that Josephine would be disloyal, but the sardonic Fouche nevertheless manages to instill some doubt in Napoleon's mind. The hour for the tailor's secret audience has been set for four o'clock. Napoleon orders that a detachment of the Imperial Guards be set to watch and to arrest all who are found in the gardens.

The climax is reached when the Emporer walks into the appointed place of meeting and discovers that Josephine's Moreau is the innocent tailor and not the odious General Moreau.

PINE KNOT STAFF

And now may we present to you the members of the Pine Knot Staff, those hard-working, industrious boys and girls who have made this book possible. First of all, of course, we must introduce to you Miss Marilyn Blair, the editor of this year-book, and a most important member of the staff. Marilyn is a senior this year, and has been a member of the Pine Knot Staff since she was a freshman. After being Senior editor and feature editor, she was made the editor of the entire staff. No...C, we'd like to have you meet Anna Mae McClymonds, co-editor of the staff. Anna Mae has also been on the staff since her freshman year, and has served as features editor and one of the business managers. It is the work of the editor and co-editor, with advisor, to co-ordinate the work of the other staff members, and to see that everything runs smoothly.

Very important to the welfare of the staff are the business managers, Frank Graham, Elizabeth English, and Bob Dunkerley, whom we are presenting to you now. This branch of the staff has the job of selling ads, reading the proof, and collecting the money for them when the book is published. Frank and Elizabeth are seniors and Bob is a junior this year.

We're sure you want to meet those two witty juniors who thought up all the features, "Pinkie" Clark and "Eddie" Traister. Pinkie and Eddie worked long and hard to find jokes that would amuse you, and getting pictures of Grove City High school students to put in the feature section of the Pine Knot. We'd like to present to you the senior editors, Zellamarie McDougall and Lou Maxwell. Zellamarie and Lou are the girls who compiled those long lists of names and activities for the Senior pages of the Pine Knot.

Next in line to be presented is the class editor, Helen Louise Ray, a junior, and a newcomer to the staff this year. All the credit for the class pictures and write-ups must go to Helen Louise, for she spent much time and effort in getting these ready for publication. The activities editor, Gordon Evens, comes after Helen Louise to be presented to you. Gordon's job was to write a short article about each one of the clubs and organizations in the high school and to identify the members in the club pictures.

"Teddy" Chambers, the staff photographer, is another important member of the Pine Knot Staff, and one with whom you will be very well acquainted in the near future, when he comes snooping around club meetings and parties with his pesky camera. And last, but by no means least, we present to you Jack Blakley, the sports' editor of the Pine Knot, who keeps the staff meetings in an uproar with his jokes and wisecracks. If you wonder who that distracted looking fellow was, running around at football games, it was Jack, digging up news for the sports pages of the Pine Knot.

Of course, we must not forget to introduce to you our boss, Mr. Elder, the new faculty advisor to the staff, whose difficult job it is to keep the rest of us on the job. Mr. Elder became our faculty advisor in the middle of the year, when the work on the Pine Knot was already begun, and has done a very good job in getting it completed.

Now that you've met all of us, we'd like to say that we hope you enjoy our Pine Knot and think a little kindly of us when you read it.

ALL THE LATEST NEWS IN THE STAR

GROVER STAR STAFF

A masterpiece of literature, the Grover Star, is being turned out twice a month by our budding journalists in Mr. Elder's journalism classes. We expect great things of these young reporters in future years.

Paul Kifer, the editor-in-chief, Emily Campbell, the associate editor, and Mr. Elder are slowly turning gray-headed from worrying over whether or not there will be enough copy to fill the pages or even enough ads to pay all of the expenses in each issue of the paper.

Room 21 is a miniature madhouse after school every evening of the week that the paper comes out, what with last minute news items coming in all the time, and the copy editors, Marie Currie and Jean Montgomery, and Leile Warren, the club editor, flying around trying to do everything at once. Jack Blakley, the features editor, and Irene Kovacs, the assistant features editor, act very mysterious just before the Star comes out, hinting at deep, dark secrets that will be revealed in the "dirt" column, and they really dish it out, too. The sports editor, Burdell Hoffman, seems calm and collected before each issue of the Star, and Muriel McDowell, the column editor, acts likewise. Nothing seems to upset them; maybe they're sure that they have their share of work done. The exchange editor, Gordon Evens, keeps himself busy, writing to other school papers for interesting and entertaining items to be used in the Star, and also sending some from the Star that other school papers might be able to use. The entire editorial staff of the Grover Star is made up of members of Mr. Elder's Senior journalism class.

Members of the Junior journalism class are the reporters for the Star, and may be seen at any time during the week rushing around hunting news. The following students are reporters: Donna Belle Christie, Helen Coutts, Nannie Jean Kocher, Gene Mechler, Clarence McCracken, Eva McNees, Christine Miller, Jean Montgomery, James Moon, Evangeline Moretti, Elizabeth Palm, James Richardson, Virginia Shawgo, Nancy Smith, and Harold Weber. The typists are the Junior typing classes.

Jerry Spence is the business manager, and Bob Engstrom is the assistant business manager. Paul McNees and Fred Simmons are the circulation managers and Mr. Elder is the instructor and director of the Grover Star.

In spite of the confusion that usually reigns during the few days before the publication of the Star, the staff turns out a paper in which a much larger school could take great pride. Grove City High school students show this pride in the number of subscriptions to the Star that are sold each semester. Since the journalism classes undertook the publication of the Grover Star, nearly two years ago, the circulation has increased until now, with a large percentage of the students subscribing to the paper.

A newspaper of its own is something that every school should have, and from one page, the Gold and White, in the local paper one day a week, the Grove City High school paper has graduated to a four page paper that is published twice a month. The Grover Star was started by the journalism classes under Mr. Johnson ,and has been continued by Mr. Elder, steadily growing bigger and better.

B. J. Johnson

It was with regret that we of Grove City High school saw Broderick Johnson resign his position here in order to take a position with an engraving company at Philadelphia. Mr. Johnson has been the journalism instructor at Grove City for five years, as well as advisor to the Pine Knot and Grover Star staffs.

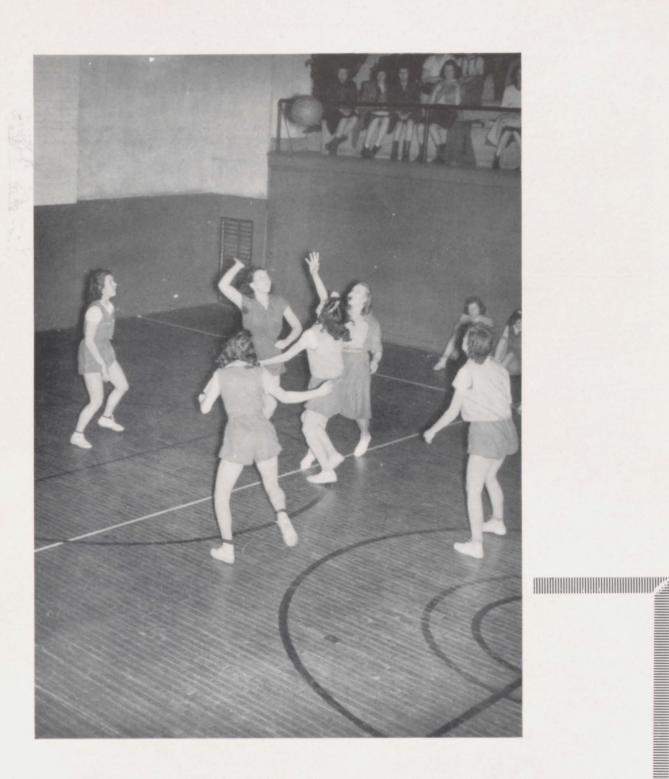

"B. J.," as he is known to the students, was and still is a popular figure around the halls of the High school, for he often comes back to Grove City and visits us, even though his work is, for the most part, in another part of the state.

After getting the work on the 1941 Grover Star and the Pine Knot well under way, "B. J." left them to the excellent care of our new journalism teacher, Mr. E. B. Elder, who is completing the publication of the school newspaper and yearbook.

FOOTBALL

DISTRICT 10 CLASS A CHAMPS

Coach Jene Forker in his first year as head coach, along with the help of Robert Smiley, the new assistant coach, brought to Grove City High the District 10 Class A football crown.

This year's Grover team won seven games, lost one, and tied one for one of the best records in the history of the school. The boys rolled up 175 points during the nine encounters and they held their opponents to 65 markers.

The opening game of the season was with a powerful New Castle High eleven and after a terrific struggle Grove City went down to its first and only defeat. However, later in the year it was discovered that an inelligible man had played for New Castle and therefore the game was forfeited. Thus, the Grovers true record should be eight wins and one tie.

The team traveled to Bradford on the following week end and played a bangup game in battling the famous Owls to a deadlock. Bradford scored early in the first quarter on a blocked kick, but the Grovers tied it up in the second period and then both teams fought throughout the second half scoreless.

Grove City's initial victory came in the next game as it swamped Oil City High to the tune of 25 to 6. Glenn Dickson was the star of the encounter as he broke loose three times on long touchdown runs.

Next on the schedule for the Grovers was Joe Hartman's Franklin outfit. Again it was Glenn Dickson who sparkplugged his team to victory with three touchdowns, one of which was an 85 yard jaunt on a punt return. This was Grove City's first league win.

The boys were rather overconfident after

the Franklin affair and were nearly handed a defeat by a scrappy Union Township team. The score was tied up until the final minutes of play and then Joe Kuhn crashed over to put the Purple and Gold out in front.

The Grovers played the best ball that they had played all year in the following game. They drubbed Meadville High, a class AA opponent. Each member of the backfield crossed the goal line once and Dickson added three extra points.

In their first home appearance of the season the Grove City gridders battled Greenville, the defending class A champion, in a snow storm. The game was hard fought all the way and the Grovers finally emerged the winner by a 12 to 0 count. The line played excellent defensive ball and stopped the Trojans in their own backfield all afternoon.

The reserves saw quite a bit of action in the Corry encounter on the next Saturday after the first team had piled over four touchdowns in the first half. Joe Kuhn scored three times on long runs straight through the middle of the Corry line.

dle of the Corry line.

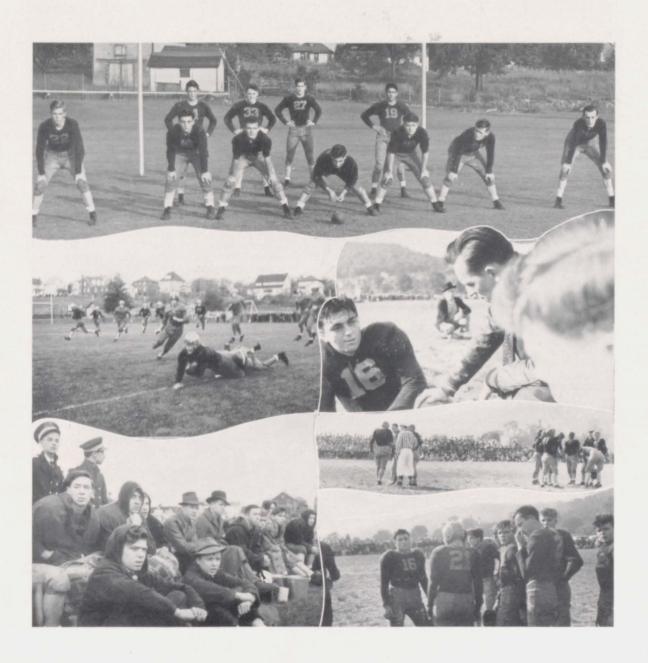

This was the Purple and Gold's third league victory and the boys met Sharpsville in their final game to decide the winner of the district crown. A large crowd packed the field and watched Wesley Rodgers, stellar tackle, grab a Bluedevil fumble out of the air and race 88 yards for Grove City's first score. In the last quarter Bing Winger took a reverse from Kuhn and went 43 yards behind perfect blocking for the second touchdown. Sharpsville started passing in the final minutes and scored on a long heave into the end zone, but the Grovers were too far ahead to catch and won the game which gave them the championship.

BASKETBALL

Coach Ike Smiley turned out a pretty fair basketball team at Grove City High in his initial year as cage mentor. The boys won five games and lost fourteen for a record which is considerably better than the records for the past two years have been.

The Grovers got started off on the wrong foot and bowed twice to Union Township, but snapped back in fine form and topped Eastbrook two times in a row. Then Smiley's passers met Franklin, Sharpsville, and Oil City, the three toughest teams on their schedule, and went down to three straight defeats.

The Mercer battle was probably the most exciting game of the season. Blanchard sank a fielder in the final seconds of play to give Grove City a one point victory. The Grovers continued to play a fine brand of ball and bumped off Meadville by an impressive score

in the following encounter. Then, somewhat overconfident, the boys went to Greenville and were upset by the Trojans.

At this point the team was dealt a serious blow as it lost its high scoring center, Glenn Dickson, who was ruled ineligible. Grove City made a poor showing at Hickory, but then pulled the biggest upset of the year as it tripped Frankin High, the defending sectional champion.

After the Franklin affair the Grovers hit a terrific slump and lost the final seven games of the season. The Alumni, Mercer, and Oil City encounters were very close, but Grove City always ended up on the short end.

George Hendrickson was the top scorer on the team with 114 points. Ozzie Blanchard followed close behind with 97, and Glenn Dickson was third with 95.

WRESTLING

DISTRICT MEET

After winning the district tournament championship three straight times, the Grove City High wrestlers bowed to Farrell High this year in the district meet which was held at Farrell. The Steelers captured seven firsts and gained a total of 41 points, while the Grovers won the remaining three firsts and scored 25 points. Erie Academy was next with markers, closely followed by Greenville and Hickory with 7 and 3 points respectively.

Grove City's three winners were: Captain Jerry Spence, who won his fourth straight district title, in the 135 lb. class; Steve De-Augustine, last year's 95 lb. state champ, in the 115 lb. division; and Jack Huff in the 125 lb. class. Three other Grovers, McDowell in the 95, Mathieson in the 145, and Puntureri in the 155, reached the finals, but were eliminated by the Farrell grapplers.

SEASON RESULTS

The Grove City High wrestlers came through their 1941 season with six wins against two defeats and tied with Farrell High for the District 10 team championship. The Grovers started off in fine form and won their first three matches. They walloped Greenville and Hickory, and then downed Farrell by a close score.

Herb Jack's DuBois outfit handed the grapplers their first setback in a very close, hard-fought encounter, but the boys snapped back and gave Greenville another licking on the following week.

In the second meeting between the two teams, Farrell High tripped Grove City and caused a tie for the district title. The Grovers then trampled Hickory and whitewashed Millvale in their final two matches.

TRACK

SEASON RESULTS

Grove City High's track team split even last year in four dual meets. The boys opened their season against Farrell without the services of their two sprint stars, Richardson and Schell, and lost 68 to 43. The following week, however, the Grovers came back strong and drubbed Sharpsville 76 to 33.

Grove City put up a good fight against New Castle and won seven first places, but the Red Hurricanes massed together a lot of seconds and thirds and won out by a 73½ to 53½ count. The final dual meet of the season was the second encounter with Farrell. The Grovers came through in fine form and got revenge over the Steelers by the score of 58 to 50.

COUNTY MEET

Grove City High won the Mercer County Track Championship for the third straight time last year as it downed Sharpsville, Farrell, and Hickory in the meet which was held at Sharpsville. The Grovers rolled up 65½ points, while the Bluedevils were second with 55, and the Steelers close behind with 50½. Hickory was last with 11 markers. Grove City's individual winners were: Jimmy Richardson in the 100 and the 220, Jack Spencer in the half mile, Jack Blakley in the mile, Moe King in the pole vault ,Bob Evans in the high jump, and the half mile relay team.

DISTRICT MEET

Coach Forker entered only four boys in the District Meet which was held at Erie. Moe King cleared 10 and a half feet in the pole vault and gained a three-way tie for first place with two Erie boys. Jack Blakley took second in the mile being nosed out by about half a foot by an Erie Vincent runner in the exceptionally fast time of 4 minutes and 37 seconds. Richardson and Spencer turned in good runs in the sprints and the half mile, but were unable to place due to the stiff competition.

GOLF

Golf was introduced into Grove City High for the first time last year and the team came through with two victories against two defeats. It bowed twice to Sharon High, but then nipped Meadville and walloped Hickory. The team was made up of the following boys: Miff McBride, Jim Perry, Bill Allen, Bill Monks, Jack Craft, and Ken Book. The scores:

G.C.H.S.	31	Sharon	81/2
G.C.H.S.	61	Meadville	51/2
G.C.H.S.	11	Hickory	1

CLASS FOOTBALL

Coach Smiley ran off a six-man touch football schedule among his gym classes this year. The championship was won by the Mustangs, who were led by Spence and McKnight. It was a close race all the way, with the Owls and the Redskins giving the winners plenty of trouble.

The members of the Mustangs were as follows: Bill Nelson and Leroy Royer at the ends, Art Leone at center, and in the backfield Jerry Spence, Bud McKnight, and Ben McAnich.

INTER-CLASS BASKETBALL

The freshmen, led by their towering center, Bill DeMore, and back, George Harry, won the inter-class basketball tournament championship this year by sweeping through their three game schedule undefeated.

The frosh won easy victories over the sophomores and seniors and then upset a favored junior quintet to capture the crown. The juniors finished second with one victory against one loss. The seniors were next with one win and two defeats, and the sophomores ended up in the cellar position with two straight set-backs.

Bill DeMore won the individual scoring honors by rolling in 36 points in the three encounters. Others who did well in the point-gathering department were George Harry of the freshmen, Jim Alberth of the juniors, and Norm Hilgar for the seniors.

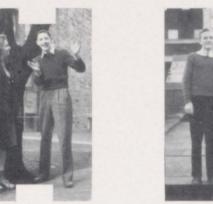

STATE MEET

Jerry Spence, captain of the Grove City High wrestling team, came through the state tournament held at Penn State with flying colors and won the 135-lb. championship. The Grover star won all three of his bouts, two of them by decisions and one by a fall. In the finals he won a decision over Powell, of Mt. Carmell, by a score of 16 to 8 in points. Jack Huff and Steve DeAugustine, Grove City's two other entries in the tournament, were eliminated in the preliminary round. Huff lost a very close decision by one point, but DeAugustine, last year's 95-lb. state champ, was pinned.

CRASH GATES IN DARING FREEDOM DASH

Rush Guards In Broad Daylight

Grove City, May 16. T.T.—Today in a frightening dash for freedom, the entire Senior class of Grove City High school escaped after four of five (?) years of incaceration.

Upon passing the main gate, each escaping prisoner grabbed a diploma from the warden. Our T.T. reporter expects the fugitives to hold these parchment as hostages.

At great danger to life and limb your never-fearful and ever-elert T.T. reporter, Casper Q. Milquetoast, questioned the dangerous ringleader - - - "Butcher" Rowe, on the cause of the rebellion. "Keed," he growled, "youse don't know what we guys an dames had to go through in dat jernt - - - Latin, Higher Algebra, Trig, Blue Mondays, COLD showers after Gym, Doity looks from the guards, and woist of all—Solitary in Study Halls. It was terrible! We uns couldn't stood it no longer - - - we made the break! I got me a soft spot for it, though. Next stop, Alcatraz."

Later he retracted this statement and said "Aw, Gee! This is sooo sudden. Tee. Hee!"

Hello, Folksies, this is Tizzie Tish, your own raving reporter among the pots and pans. Did you know Heinz has only 56 Varieties now? - they canned the beans. Can you Bean that? Tee, Hee, Enuff of this nonsense, now, let's get down to brass knuckles (I mean brass tacks). Our dish for this month is creamed asparagus A-LA-MODE - - - by the way, Russell Babcock told me he never knows whether to take pie a-lamode or just pie with ice cream on it. Here is this month's shopping hint-it's tough when you nave to pay fifty cents for ham, but it's tougher when you pay a quarter.

Estimate Brings Success

Grove City, May 16. T.T.—None-such Escalator company today announced that its nation-wide search for an efficiency man is ended. By estimating the number of steps in the high school, Jack Huff, departing senior, has won the notable estimating contest held recently.

The youthful genius guessed 383 steps in Grove City High school and the correct, authentic number, checked by the impeachable authority, William Barber is 385. (That's all right dear readers—we didn't come close either!)

Our famous mathematician, Arthur Dunmire, computes Jack's percentage to be 98.3.

Civic Trial Enters Second Hectic Week

Case Goes To Jury

Grove City, Pa. May 16, 1941—In a court room packed to capacity, the case of McDougall against Moon, came to trial. For six consecutive days the sessions have been marked with verbal battles such as have seldom been recorded in the annals of Grove City Court of Common Pleas in the Commonwealth of Pennsylvania.

The opposing lawyers, Bruner and Errington for the plaintiff, Miss Jeanne McDougall, and Walter Dunkerley and David Kellogg for the defendant, James Moon, became so heated during the cross-examination that it was feared a riot might occur. In the nick of time Judge Richard Gealy stepped in and refused to permit the lawyers to go to the extremes in oratorical cross-examinaing.

Damages of \$50,000 are being asked by the plaintiff for injuries which she received in the accident with the Moon car at the intersection of Pine and Broad streets. Her lawyers insisted that great damages have been done to her mental facilities.

The attorneys for the defense have stated that since the light at the intersection was amber no one had the right-of-way. They also claim that a traffic patrolman signaled to Mr. Moon to proceed on through the intersection.

Witnesses were found to know nothing about the accident or the persons involved, and four have confessed that they were paid to testify for Miss Jeanne McDougall. These are: Blair Patton, Miss Rebecca Washabaugh, Paul Montgomery, and Ruth Royer. Grace Alberth denies being paid, but con-

HOW TO KEEP FROM GROWING OLD

There are a number of things one can do to keep from growing old. I shall tell of a few of these ways. One very simple way to keep from growing old is to take medicine from a medicine cabinet and swallow it in the dark. Another guaranteed way is to eat a large meal and then go in swimming. This will work better if the water is about twelve feet deep! But if these two ways do not satisfy you, one can always eat a bride's first cake, grab a live wire, step in front of a locomotive, tell a woman she is getting fat, drive a car at night without any lights at 89 miles an hour. It is much simpler just to take poison.

HOW TO BE POPULAR????

TO THE GIRLS:

When out with one fellow always harp on what you did last night with Bill and how nice you think he is. Your escort will really enjoy hearing of this.

Chew gum—everyone likes to see a pretty girl with her mouth full of gum.

Use a lot of catty talk and slang. This spices thing up.

Throw things and get furious at the least little thing—people will respect you.

Talk back to teachers—show them they are wrong—they just love this.

Accept three bids to a dance—next time you MAY get four but I betcha ya dont get any.

TO THE BOYS:

When taking the lassies out never have enough gas in the car and get stuck some place out in the country - - - most women like (?) this,

Treat all women rough—this makes them realize you are Boss.

Be late for all classes - - - this way everyone will notice you.

Sit out in front of your "lite-of-your-life's" house in a car and honk for her and when she comes out wait till she is ready to get into the car then blithely drive off - - - she is bound to come back for more?

Slap all the fellows and gals square on the back; they will marvel at your Superman's strength, if they don't choke first.

- IT IS loud socks and shirts and worn and weary hats for sophomore Bud Johnson—he sees almost every show in town—likes all the girls (especially one freshman girl named Marion Winger) enjoys bowling and hunting—is in Mr. Marshall's band and really likes HOT JAZZ!
- Now we'll talk about a Senior—Jerry Meyers—also known as "Whiz"—a good shot in basketball and a valuable end in football—he too likes to bowl and hunt—is fond of long sweeping eyelashes—preferably attached to one, Miss "Bobbie" Horam—all in all, he's loads of fun—just ask the fellows!
- THAT beautiful blonde with big blue eyes and such a charming smile is just a newcomer here and has already shown us she is brilliant. Likes middy blouses—sailboats—to go around in stocking feet—to play guard in basketball everybody in general! Often dubbed "Dazey." P.S. Telephone number is 470—So-oo-oo!
- ETERNALLY doing something develish and making friends while doing it is Frank Dunn—or "Dunny"—impish eyes—wicked grin—plays slick basketball on Jr. Varsity—likes all kinds of sports—girls—food—his trusty bike—and this dear old high school—but then who doesn't?
- REALLY a swell sport and an ideal friend—Jean Spencer would take the cake every time! She drives an Olds around and goes to most all the school events—likes badminton—all sports in general—has real dramatic ability—best friend is June Winder—but she really likes us all!
- ESPECIALLY interested in girls but is rather going steady with Doris Perrine—although Shirley Rusch (that blonde vampire) claims she had him first—a good worker—spends money lavishly on women—will make a good husband too—so look out Jake—Clair F. Hall!! you'll be sought after.
- Such curly locks and laughing eyes and silly grin could only belong to Nancy Watson—one who can dance well—make swell cookies—knows every new fad and isn't afraid to try the latest—mighty good at bowling and swimming and golf and basketball and knows her ABC's, too.
- THE Junior class really got a hard working president when they choose "Jug Haid" Coulter, or Bob, for their president. He is adapt at football and wins letters in wrestling too. Good student—teachers like him—he likes all women but has had one dissappointment—Nannie Jean???
- I N EVERYTHING she excells—it seems that Mary Braine just can't miss!

 She's swell at handling a ball in basketball and likes to bowl too—
 popular—cute looking—fun—and besides all this she is the Junior
 class secretary! Member of A. C. and Tri-Hi-Y on top of all that!
- NEVER in the dumps, always smiling—has twinkling eyes—a friendly word for everyone—hails from Room 21 and that means she is loyal to the Star! Called "Boots" by all her friends and would like to spend her time gusslin' sodas or day-dreaming in some of her dull classes. Right, Helen Coutts.
- GOING or coming she gets in your way—she has a swell sense of humor and makes you like her instantly—is athletic—likes swing music—dogs—to dance—snotty frost from Homer's—a Brookline hill fellow named Art Dunmire. And who is she? "Dinnie" Black!

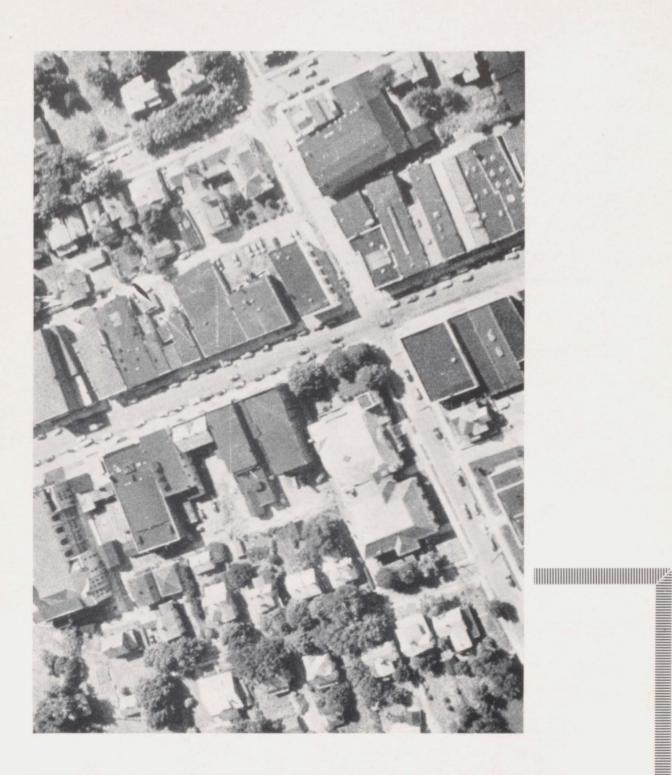

- PEPPY and popular—that's our senior class vice-president—Jack Blakely. He is always at every sport event and really shines when it comes to track. Has been a member of P.K. staff for three years and you have read many of his write-ups in the STAR.
- EXCELLENT in all her studies and everybody's pal—president of Jr. Tri-Hi-Y—always having bright ideas—never without her friendly smile, and is really very popular because of her enthusiasm and peppy spirit—she is Roberta McNeish.
- REALLY a witty lass and so-oo-oo—HILARIOUS! Fun and funny sayings where ever you see Miss Sally McGee—detests being called Sal—awful cute when angry—sophomore this year but she has really been around, and with a nice escort—Guy Labor.
- SWEET and sort of shy and very pretty—you have seen her perkin' around the halls doing something all the time for she is an officer in A.C. and Tri-Hi-Y and recently Literary club. If you don't know her, meet her soon—Maleleine Coulter—("Maddie")
- OUT of the night came a comet our way and she has been shining ever since—an exceptional student and good at dramatics—really enjoys Latin and plans to teach it—lots of fun and has pretty eyes and hair. Let me introduce you to Ruth Thompson.
- NEVER dull and never dreary, never makes her listeners weary—could only be Martha Jane Atwell. "Faithful Forever" should be her theme song, 'cause she is forever dependable in band.
- AN ATHLETE of supreme skill and one of which G.C.H.S. is proud!

 Joe Kuhn has torn many football line-ups apart. A good dancer and
 a swell sport and as true-blue as can be. Hate to see you go, Joe,
 so-long!
- LEE CARRUTHERS—when you her this name you naturally think of a tiny, elfish, golden-haired, peppy lassie. A valued member of A.C. and Tri-Hi-Y and the cheerleading gang—Girl's Ensemble—fond of pretty clothes—Guthrie theater—really tops as a pal.
- IN SCIENCE, Bill Harrison excells—he is a radio "ham" and can explain the mysteries of radio to even Linnie! Bill is president of Science club—likes the girls—but really is wrapped up in his radio—tough luck girls—(P.S.: Lately passed drivers test.)
- TYCHE ENGSTROM is a junior—curly hair—tall—a disarming grin—girls are all right and gets a big kick out of driving a car—and his most endearing trait (which makes him so popular with his teachers) is his "devilishness."
- I really is a miracle how some people can always be just where you want them just the right moment too. Billy Milsop is one of these geniuses. Being Manager of the football team he has gotta be "there" and "when," too. One small guy with terrific punch—also Jr. class Treas.
- ENOUGH of pep and friendliness to last anyone a lifetime are all packed into that "Tiny Terror"—Sophomore Ted Chambers. Fights for everybody's rights in Student Council and brings gales of laughter in Literary club and snaps pictures for P.K.
- STUDIOUS and smart—yet modest and shy—never boastful—goodlooking
 —drives a 1941 car—Junior—has no girlfriend that we know of—
 keeps an awful lot to himself and don't we-all wish we could. It's
 Jim Bochy.

Some time later, during a cross examination of a new witness, Robert Hodge, a spectator in the audience, Della Mae Welton, fainted.

After all this excitement the case was closed and put into the hands of the jury, who left the room to reach their decision under heavy guard.

In his new position, Mr. Huff will stand at the foot of a moving stairway and estimate the energy saved a lame centipede going from Room 9 to Room 25 four times a day, if said animal rides on the modern escalators instead of walk-

The accumulated data will be used in an advertising campaign to stimulate interest in new high school escalators for freshmen.

When complemented by your faithful T.T. reporter, the winner, Mr. Jack Huff, solemly stated, "Aw, shucks!!" He later denied this statement.
