

GROVE CITY AREA HIGH SCHOOL

GCHS

----> Is *it* in you?

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author provides a detailed breakdown of the company's revenue streams. This includes sales from various product lines and services. The data shows a steady increase in revenue over the past year, which is attributed to strategic marketing efforts and product diversification.

The third section focuses on the company's operational costs. It details the expenses related to manufacturing, distribution, and administrative functions. The analysis reveals that while production costs have remained relatively stable, distribution and administrative expenses have seen a slight increase due to inflation and higher operational demands.

Finally, the document concludes with a summary of the overall financial performance. It highlights the company's strong profitability and its ability to manage costs effectively. The author expresses confidence in the company's future growth and success, supported by a solid financial foundation.

GCHS

---> Is *it* in you?

Well, is it? Is that *Grove City* spirit in you? I don't mean the "Woooo, let's go Eagles!" thing, though that may be part of it. I'm talking about the *pride* in your hometown.

Every day I hear people complain about our "**bubble-town**" and how there's never anything to do. Every day I hear people say "I can't wait to get out of here." Every day I see people making themselves *miserable* just to prove a point. Have you ever stopped to *appreciate* what our small town has to offer, instead? Having almost every teacher in the school know your name, regardless of whether or not you've even been in their class, is something to *envy*. Walking into the grocery store and seeing pretty much everyone you know **ISN'T EXACTLY NORMAL**. The ability to walk down any street in town, knowing you'll be perfectly safe, is the *luxury of few*. Even if these aren't big sellers for you, they are exactly what make *Grove City* special. They are exactly the things we will miss. For many, this safety is all we've ever known. Some have just begun to experience it. Others will be leaving quite soon. For the seniors who are going off to college, moving for a job, or just plain leaving, *remember* your time here with an *appreciation* for what it has given you. You have been a part of Grove City High School. Let *Grove City* High School be a part of you.

~ *Jamie*

The Lady Eagles had a successful 500 season overall. They almost quadrupled their record from the previous year. A highlight of their season was winning the opening Kiser Classic tournament. For the seniors, this was a first.

The ladies were 5 - 0 going into region play. The strong group of seniors led the team as they worked through tough times. Kurtz summed up the season with "We don't know how it feels to be in the play-offs, but we know how much work it takes to get there!"

"It's not whether you get knocked down: it's whether you get up"

"At least your boyfriend was there to calm you down."

Pat,
Congratulations son on your senior year!
You show that you have learned many lessons during your time in school. You are a hard worker - many who watch you play basketball comment about how hard you work and hustle all of the time. You are a good leader - your teammates, coaches, and fans have great respect for your humble, kind, and encouraging leadership that is usually accompanied with a great smile. You have compassion for those in need - your desire to teach, coach, and mentor youth is a tribute to that compassion. We have great parental joy in the man that you are, and look forward to seeing the man you will become.
